

The Woods

Chapter 1 by Pee Wee Herman

I was walking through the deep dark woods when he heard a low rumbling noise. I looked left, nothing but trees, I looked right, nothing but trees. Then I looked forward, and I seen a really tall (giant tall) man-like beast. With big tan bull horns on the top of his ghastly head and a big black mace in his humongous grubby green hands. He tried to swing at me but I dodged his slow swing. He tried again and I dodged it again but this time he was ready. Before I knew what had hit me, the world went dark.

Chapter 2 by Pee Wee Herman

I woke and tried to get up but there was an excruciating pain in my side like I was hit by a metal stick. I looked around and then saw a flail hanging by a branch on the cave (I think) wall. Oh no, there was the low rumbling sound again. I seen it and now I know what he is, a giant/cyclops mix. The dirty brown cloth around his waist and sandals was all he was wearing. He started talking but I couldn't understand him. Then he grabbed his mace and flail, I turned around to run but there was no way to get out. I seen there was a sword and a shield and armed myself. He challenged me to a battle.

Obviously, I took a hell of a beating. In a single stoke he crushed my left arm.

I looked up to see where the magical beam came from and behind a nearby tree a woman walked out. She was wearing a dark purple cloak, brown leather pants and a corset. Adorned on her head was a beautiful crown with a massive amethyst in the center.

She muttered some unknown words and from her hands came a red blast that hit the now small giant. In moments he became nothing but cinders.

Then she turned to me.

Chapter 5 by intellikat

"I am the embodiment of all your pubescent fantasies," she spoke. "My name is Seducira, and I await your command. Not that I shall follow it, for I am a modern and empowered woman. I am simply here to reveal all your male weaknesses and to leave you in a state of unmet desire."

Chapter 6 by leo leonardo

I don't want you to do anything except tell me the way back to my house in the middle of the woods?

Also what would I desire from you?

Chapter 7 by -

Seducira turned me around in circles. "There, go in a straight line and you shall find your way home."

But something in her voice wouldn't let me go. Like an invisible force holding me in her presence. I found it impossible to move a single step. Her glowing eyes were like a river refreshing my soul.

"Why do you not leave?" She questioned with a knowing side grin. She took my hand in hers.

"How can I forsake that which is perfect?" I asked in reply, more mechanically than anything. My gaze was immovably fixed upon her, awaiting her next move.

"Mrpf. Nice try, kid!"

She stepped up to me, and kissed me

on the forehead

and I was back in my house, in the kitchen.

A glass of milk and a plate of fresh sugar cookies was waiting for me.

"Dammit!" I knew I would long for her forever.
